

DEATH LIST FIGURED AT OVER FIFTY

Work of Recovering Bodies From
Pennsylvania Wreck Attended
by Pitiful Scenes

Forty-nine Victims of Disaster Are
Identified—Names of Two Others
Still Unknown—Manager of Rail-
road Says Cause Is Mystery

ATLANTIC CITY, N. J., Oct. 29.—The total number of dead in the wreck of the electric train which on Sunday afternoon, loaded with passengers plunged into the waterway separating the city from the mainland, is now placed at fifty-one. Of these, forty-nine bodies have been identified, two bodies remain unidentified in the temporary mortuary and two people are known to have been drowned but their bodies have not as yet been recovered.

The day has been one of unceasing activity, of gruesome scenes and pathetic incidents. Wrecking crews with derricks succeeded in bringing one of the two submerged cars to the surface and divers working in relays, brought up bodies until their task was completed, and reported that no more dead remained either inside the second car or anywhere in the vicinity.

The coroner's jury today made a careful inspection of the scene of the wreck and the drawbridge at which the train left the rails. The jury sworn in by Coroner Gaskill is headed by State Senator Edward S. Lee, as foreman. The jurors met at one o'clock and accompanied by the coroner, prosecuting Attorney Abbott, City Solicitor Wooten and several other city officials, proceeded to the scene of the tragedy. At the bridge they were joined by Mayor Stoy and W. W. Atterbury, general manager of the Pennsylvania railroad.

After the forward car of the two submerged coaches had been hoisted to the surface and the divers who had been at work on the wreckage all day long had made a final examination of the second car without finding any more bodies, Mr. Atterbury of the Pennsylvania railroad, who, with several of his assistants had been on the scene since Sunday night, expressed his belief that the number of dead would not exceed fifty-three.

On returning from the drawbridge, Mr. Atterbury said the cause of the accident still was a mystery to him.

Although reasonably certain that the waterway into which the electric train fell had been relieved of all its dead, the divers continued their work of searching for the bodies and the wrecking crew was also kept at work trying to raise the cars. The debris of the last car which struck and was held fast by an abutment has not yet been removed, an effort in that direction resulting in half the coach sliding into the stream.

THE IDENTIFIED DEAD:
Emanuel Freed of New York, an actor, known as "Manny" Bernard.

BLOODSHED, RIOT AND FARCE MARK WALKER OPENING

Greedy for Gold Impels Locators to Brush Aside All Law—
Many Claims Secured Before Time Reservation Was
Thrown Open—Two Serious Shooting Scrapes, Besides
Numerous Other Casualties Reported—Indian Police
Bribed—Honest Prospectors Defeated

YERINGTON, Nev., Oct. 29.—News of the first tragedy in the rush for gold reached Yerington this evening, when a message arrived bringing tidings of a killing at Buck Brush, twelve miles southeast of here, in Esmeralda county.

A large number of miners had invaded the reservation at this point, and began putting up their location monuments. They had not been long engaged in this work when they attracted the attention of the Indian police, who were lurking in the vicinity. Unobserved by the trespassers, the reservation police, superbly mounted, descended swiftly upon the astonished invaders, promptly ordered them to desist and to get off the reservation.

All of them instantly complied with the exception of one Goldfield man who stood his ground and refused to move. The head of the patrol repeated his order, but again the prospector persisted in his defiance and the order to fire was given.

A volley from the Indian police followed, and the unfortunate victim in the fierce race for gold fell to the ground riddled with bullets. His prostrate form quivering in the dust beside the mound of stone that was to have laid the corner stone of his fortune, but which proved to be his grave's monument instead.

Word has been received here of another shooting affray at the southern end of the reservation. The report states that a white man attempted to jump a claim owned by an Indian. The redskin resisted, and the white man slipped the Indian's face, then the Indian drew a bullet into the invader. It is not known whether the affair resulted fatally.

Opening Was Farcical
Walker lake Indian reservation was opened at noon today, and half an hour after the signal admitting thou-

DEMOCRATIC RALLY TONIGHT

The candidates on the Democratic-Silver ticket will address the citizens of Reno on the political issues of the day at the opera house this evening at 8 o'clock. Everybody invited.

BAY RUM DRINKERS DIE FROM EFFECTS OF LIQUOR

SEATTLE, Oct. 29.—Three enlisted men of the battleship are dead and two are seriously ill as the result of drinking bay rum. Thomas Cox, one of the men who is dead, took the bay rum from the ship's barber shop and diluted it with water and together with his companion, became intoxicated from it. Their condition was not discovered until Sunday, when three of the men died.

SOUTHERN DUEL FATAL

YAZEE CITY, Miss., Oct. 26.—At L'Argent, Miss., Broderick Ryan and L. A. Wright, well known planters, became involved in a pistol duel, following a game of chance. Shooting continued until both were killed. J. E. Ireland, in whose store the shooting occurred, was shot and killed while attempting to separate the men.

SILVER IS ADVANCING

WASHINGTON, Oct. 29.—The director of the mint today purchased 100,000 ounces of silver at 70.977 per the ounce, to be delivered at the New Orleans mint.

FINDLAY, O., Oct. 29.—In the

probate court here today Judge Banks overruled the motion filed by the attorneys for the Standard Oil company for a new trial, and imposed a fine of \$5,000 and costs of prosecution in the trial against the Standard Oil company here. On motion of the attorneys for the defense the court ruled that the defendant company be allowed forty days in which to prepare and file its bill of exceptions in the case, and on another motion by the Standard Oil company's attorneys the sentence imposed was ordered suspended for a period of sixty days for the purpose of filing a petition of error in this case. It was also ordered that the criminal information pending against John D. Rockefeller, the Buckeye Pipe Line company and the Manhattan Oil Company be continued until the next term of court.

WOMAN RELEASED

SAN FRANCISCO, Oct. 29.—Mrs. Ida May Warner of Seattle, who was arrested here last Saturday on a charge of insanity, sworn to by her husband, Joseph Warner, was released today at Warner's request. Mrs. Warner declared that her husband had her arrested because she refused to live with him any longer. Warner left for Seattle tonight without his wife.

ELECTION BOARD ANGERS HEARST

Has Moved to Indict Body Which
He Claims Kept Him Out
of Mayorship

Republicans Are Hatching Scheme to
Show That Hearst Is in Sympathy
With Anarchists—Hearst Also
Speaks of Court Decision

ACBURN, N. Y., Oct. 29.—William R. Hearst, in his speeches at Syracuse and Albany devoted much of his attention to an attack on the New York election board, and a discussion of his views of the effects of the decision of the appellate division, on the independence League nominating petition. If that decision should be sustained by the court of appeals, he said in part:

"As election day approaches it becomes evident that we will have to meet this year all over the state or New York, the same corrupt opposition and the same criminal election methods that we had to meet last year in New York city."

"Certain great and powerful trusts and corporations, which secured their great wealth through governmental favoritism and political protection, are determined to preserve their special privileges and maintain their public political pull. We should realize what happened, and what will happen and we should prepare to meet it. Against liberty and corruption we must oppose honest and public and patriotic duty."

"I have just come from Greater New York, and there the light against us has already been begun. The same old election board that last year helped McCellan to steal the mayor's office is still in power."

"I assert publicly that this board is corrupt. I assert publicly that the members of this board has been under indictment seventeen times. I have moved today to indict this election board, and I have retained Governor Hill and others of the ablest lawyers throughout this state to appear before the court of appeals to reverse, if possible, the action of this corrupt election board."

"I assure you," he continued, "that in this matter, I am not fighting merely for myself, but I am fighting for the fundamental right of American citizens to nominate candidates by petition."

Clarence J. Shearn, Mr. Hearst's attorney, who followed, declared that he had learned of one dastardly scheme that had come to light through a man high in Republican circles.

"It is planned," he said, "to employ a half dozen well known anarchists to hold a series of meetings in many sections of the state, late in the week, at which inflammatory speeches will be made, concluding President Roosevelt, and calling upon anarchists to rally to the support of Mr. Hearst. These speeches and resolutions are to be played up in a series of sensational articles, all over the state and offered to voters as proof of the charge made by the Republican candidate for governor that Hearst represents in this campaign the fanatics of the United States and the forces of indecency and mob violence."

"Just remember," he continued, "that the halls and the speakers for these anarchist meetings will all be paid for by Tim Woodruff with money collected by a ship building trust. Sheldon, with the architect co-operation of Cornelius Vanderbilt, whose railroad has just been fined \$114,000 for rebating, as a result of the pernicious activity of William R. Hearst."

WOMAN RELEASED

SAN FRANCISCO, Oct. 29.—Mrs. Ida May Warner of Seattle, who was arrested here last Saturday on a charge of insanity, sworn to by her husband, Joseph Warner, was released today at Warner's request. Mrs. Warner declared that her husband had her arrested because she refused to live with him any longer. Warner left for Seattle tonight without his wife.

WICHMANN BORED WITH AVENGING BULLET FIRED BY INFURIATED BROTHER

MURDERED STRANGER VICTIM OF CUTTING
AFFRAY WILL
RECOVER

ATLANTIC CITY, N. J., Oct. 29.—An attack by Bill Sykes, a gambler, on the brother of the murdered man who was found, presumably murdered, Sunday night at the north end of the cattle bridge, and up to a late hour last night no arrests had been made. Captain Allen, who is working on the case, averred last night that the only thing known about the man's history before he came here, is the statement of a hobo in the Bilboe saloon. The hobo asserted that he and the dead man boarded a train at Wilmington and beat their way to Atlantic City.

Robbed early Sunday morning by thugs in the Bilboe Pyramid saloon on Lake street and murdered at a o'clock Sunday night was the fate of this unidentified man whose body was found by an engineer near the cattle bridge across the tracks where the Sandilover Pacific tracks pass, a bullet hole piercing his right temple.

Two hundred people viewed the corpse yesterday in the undertaking parlors of Fetters & Duprell, but no one was able to tell the dead man's name. He came here Saturday, according to the police, from Atlantic City. The police have no clue to work upon.

At the coroner's inquest yesterday the verdict returned was: "An unknown man, between the ages of 25 and 35 years, came to his death from a gunshot wound in the head, being murdered by a party unknown to us."

Sunday morning the man reported to the police headquarters that he had been robbed during the night of \$20, a gold watch and a 41 caliber revolver by thugs in the Bilboe Pyramid saloon. He stated that two men entered his room, overpowered him and beat him severely. Marks on his face showed clearly that he was not exaggerating the facts. The police promised to investigate the affair, but before the thugs were captured the telephone call told of this same man's death.

INNOCENT GIRL SAYS DOCTOR WRONGED HER

W HILE he lies on a cot in the People's hospital, suffering from a gunshot wound inflicted by an avenging brother, and which may cost him his left arm, a young woman will be served with a warrant today charging with criminal assault on Miss Ethel Fine, according to the mother of the girl.

Fred Fine, who wielded the revolver in defense of his sister's honor, was released from custody last night to appear in court this afternoon at two o'clock.

The shooting of Wichmann occurred in front of the Fine home about six o'clock last night, after the physician had been driven away from the girl by a crowd of hooligans, criminally assaulted Sunday in his office in the Clay-Peters building, and whom he then wanted to marry to save them both from disgrace.

Spurred from an infuriated brother's pistol, the bullet pierced the arm of Wichmann, and then he was taken to safety in the Overland stables, the broken limb dangling at his side.

Offers Girl Ring
Before the deed was committed which almost caused the life of this middle-aged man, a moral pervert by the mother of the girl, who he is accused of having wronged, Dr. Wichmann is said to have offered the Fine home with a ring for Ethel Fine, and as he gave it to her he remarked: "I love you, little girl, you must marry me and save me from arrest. My needs have been all for the best. They will never take me from you."

Fred Fine heard this, and he drove Wichmann from the house. Returning again, the physician had another short interview with Ethel about their marriage and then the bullet was sent which caused the end of the physician's plaudits.

Ethel Fine met Dr. Wichmann for the first time Friday night when she was introduced by Mrs. Huddleston, according to the girl's statement, and she was then employed by the physician to nurse Miss Sherman, of 221 Rock street. Three and a half months' dominating accusation said yesterday that she did not know Wichmann very well, and when Sunday night he called upon her to go to his office in the Clay-Peters building to get some medicine to take to the Merriman home the following day, she hesitated. Finally she went, taking her twelve-year-old sister along.

Arriving at the office the younger

WOMEN LAUNCH TIRADE AGAINST BELGIUM'S KING

HARTFORD, Conn., Oct. 29.—Resolutions denouncing King Leopold II. of Belgium as the author of conditions in the Congo Free State which are characterized as "atrocities," calling for the exclusion of Leopold II. from the United States senate because of his relations with the Mormon church, and using the sale of beer or other intoxicants at army posts, advocating the making permanent of the temporary sale of beer at national saloons, protesting against the scaling of liquor receipts in proportion to territory, declaring for the highest standards of purity for men and women alike, and declaring in favor of the right of suffrage for women, were adopted this afternoon by the National Women's Christian Temperance union.

A resolution dealing with the Congo Free State was first introduced by the Belgian government, but after some discussion the name of Leopold was substituted for that of the Belgian government.

A resolution was also adopted urging that state legislatures demand "anti-polygamy" amendments to the constitution of the United States.

A Quality Clothing Store for Men

Where a Particular Dresser Can Satisfactorially Supply Every Want

For the Social Season

Gentlemen: You will please remember at this season of the year, when society is at its gayest, that whatever your needs may be in Full Dress Toggery, we are here to serve you with full supplies of things such as fashion demands. You need not spend extravagant prices with a custom tailor for proper evening clothes because we can fit you up just as correctly at half the price.

FULL DRESS SUITS AND TUXEDOS—In the latest cuts approved by fashion at prices ranging from \$22.50 to \$35.00

DRESS HABERDASHERY—Ties, Collars, Cuffs, Dress Shirts, Gloves, Mufflers, etc., at most reasonable prices.

Magnificent Fall Overcoats

Every good dresser appreciates the joy of possessing an elegant overcoat at this season of the year when overcoats are the most conspicuous part of a man's attire. If you are in need of one this Fall, we want to tell you that the smartest of the new styles are here and we would be pleased to have you call and look them over.

Prices \$15.00 to \$32.50

LATEST NOVELTIES IN STYLISH DRESS ACCESSORIES

Our Fancy Goods Department is just teeming over with newness. All the latest Eastern novelties in Women's Dress Accessories are being shown in the greatest profusion. We take a particular pride in keeping this section of our store full of attractive new goods of interest to every woman who follows Fashion's latest dictates.

NEW VEILS AND VEILINGS

AUTO VEILS—In a large assortment of fashionable shades. Made from 3 full yards of Liberty Silk and chiffon with hemstitched edges. Prices 75c, \$1.50, and \$2.50

CREPE VEILING—For the making of Auto veils. Colors of pink, blue, black and white. 18 and 20 inches wide. Prices 50c and 75c yd

SHOULDER AND NECK PIECES

SHOULDER SCARFS—For evening wear. Delicately patterned in delicately toned Persian designs. Also in plain shades. The latest from New York. Prices \$1.25 to \$4.00

CHIFFON RUFFS—In black, white, brown and gray. Stylish, fluffy affairs for the neck. One of the many fashionable novelties we have lately received from our New York representative. Prices \$3.50 to \$7.50

Women's and Children's Wearables

Little to Pay for Such Worthiness Will be Your Comment on Them

The woman's garment section is on the top wave of popularity. Throngs of discriminating women daily come in touch with the fashionable new garments with which it is stocked, and each day the business grows bigger and bigger. Stocks are vast, styles, bewitchingly beautiful, values, especially good. Here's a half dozen hints.

OUR \$20.00 SPECIAL SUITS

A wide display of the new models at this price. As we make a specialty of offering the best suit values in town at \$20.00, we have marked at this price suits ordinarily worth from \$2.50 to \$5.00 more. They are in the best of the season's styles in solid color Panamas and in fancy mixtures, checks and plaids.

CHILDREN'S DRESSES

A fine new line of well made dresses for children, fashioned from stylish, serviceable materials of check and plaid designs in extremely nobby little styles. Ages 4 to 14. Prices \$1.00 to \$5.00

CHILDREN'S COATS

EDITORIAL COMMENT

Square Answers to Fair Questions

OUR Republican contemporary asks "A few interesting questions for Nevada Democrats to answer," and the Journal hastens to reply. The first question is:

What has the Democratic party done for the country in the past 100 years? Do not tell us to read history, but name specific acts

A comprehensive and specific answer to this question would require many pages of the Journal, for it would include a review of the administrations of Jefferson, Madison, Monroe, Jackson, and all their Democratic successors. It would be the story of the Republic, of its progress, achievement, and glory, during a large portion in its history. The sensible question for the Gazette to ask is this:

WHAT HAS THE DEMOCRATIC PARTY DONE FOR NEVADA DURING THE PAST TEN YEARS, AND WHY SHOULD THE PEOPLE OF NEVADA SUSTAIN IT ON NOVEMBER SIXTH?

This great state has two resources of paramount importance—mineral and agricultural—and its prosperity has been vitally involved in two political questions of overshadowing consequence—silver and irrigation.

For many years both political parties trifled with the money question, and each sought to outdo the other in declaring its allegiance to bimetalism. The day came, in 1896, when the question could no longer be smothered in glittering generalities; when both parties were compelled to stand squarely with Nevada or against Nevada—for silver or against silver.

When that day came, the Republican party turned tail and ran, like a coward, while the Democratic party stood to its guns, staking its life upon the issue, and went to battle on the side of Nevada. That is something which "the Democratic party has done for the country in the last 100 years" which every voter should remember when trying to make up his mind which party is the better friend of this state.

Next to silver, the greatest question that ever arose in connection with Nevada's welfare was the reclamation of arid lands. The Democratic party sent to Congress, as far back as 1892, a man who was utterly dominated by the thought of irrigating the desert and building homes—a man who threw himself into the work of conquering national approval for this course with passionate energy and determination. Year after year in season and out, that representative of Nevada Democracy carried on his work of education sometimes in Congress and sometimes at his home, where he entertained his colleagues

with stereopticon lectures until they were convinced that justice and public policy, alike to the landless men of the east and the mantless land of the west, required the acceptance of this new plan of internal improvement.

The same Nevada Democrat brought forward the practical plans and rallied his party to the almost unanimous support of the Newlands bill against the opposition of every Republican leader in the House. The timely support of President Roosevelt was indeed, a powerful influence in the passage of the bill, but it found its initiative, as it found the majority of votes necessary to its passage, in the Democratic party. That is another thing the historic party has accomplished "in the last 100 years," which should be remembered to its credit at this time.

Furthermore, the Democratic party has given Nevada ten years of honest, businesslike, administration, utterly free from scandal, and it has held the scales so even between labor and capital that this fortunate commonwealth, unlike Colorado and Idaho, has never heard the tramp of the soldier upon its soil. Let that be remembered to the credit of the Democratic party on election day.

The Gazette also asks:

Do you endorse the administration of President Grover Cleveland from 1897 to 1897?

Certainly not; it was a Republican. Wall street administration in its essential features, and was emphatically repudiated by the Democrats of the West and South, who ejected Grover Cleveland from their councils and put William Jennings Bryan in his place. And today, Bryan rather than Cleveland, is the leader and idol of Democracy.

Another Gazette question:

Do you endorse the record of our present Democratic Congressman, Hon. Clarence D. Van Duzer?

No; but we endorse the character, ability, and splendid enthusiasm of Hon. George A. Bartlett the next Congressman from Nevada.

The inquisitiveness of the Gazette does not end with the three questions answered above. It wants to know if Governor Sparks, during his next administration, will sign a bill permitting prospectors to go upon private lands and condemn the surface ground of any mine they may discover thereon.

That is a question which the Journal will answer in perfect frankness, as it will also answer its further inquiry in regard to national issues in the present campaign. Both of these matters will have early and candid consideration in these columns. They are fair questions, entitled to square answers.

An Open Letter to Candidate R. W. Parry

YOU, Mr. Parry, are a candidate for state senator from Washoe county. Men of all parties in Nevada believe in the modern doctrine that members of the United States Senate should be chosen by direct vote of the people. Unfortunately, this cannot be done under existing law.

The only way in which a citizen can now express his choice for the great office of United States Senator is in casting his vote for members of the legislature, and it happens that state senators chosen this year will hold over until 1909, and participate in the choice of a successor to Senator Newlands.

The Democratic party is proud of the record that Senator Francis G. Newlands has made in House and Senate. It is proud of the fact that one of the greatest pieces of constructive legislation in American history is closely associated with his name. It is proud of the fact that he stands in the front rank among Senators, that he is a ready and forceful debater; that he is everywhere regarded as a creative intellect, able to meet great questions with wisdom, force, and originality. And it is even prouder of the fact that Francis G. Newlands, in the struggle for a fairer distribution of prosperity, is always on the side of the people, and never suspected of giving aid or comfort to those who exploit the people.

Now, Mr. Parry, who is YOUR choice for

United States Senator? We know where James T. Boyd stands on this question. If elected to the state senate, his voice and vote will support the re-election of Senator Newlands. The citizen who votes for Boyd votes for the return of a man who is tried and proved, a man known throughout the land, and a man whose influence has told, and will tell in the future, for the benefit of Nevada and the nation.

But if a citizen votes for you, Mr. Parry, how does he vote for United States Senator? Don't tell us you will vote for a Republican—there are good Republicans and bad Republicans, strong Republicans and weak Republicans. Don't tell us you will vote for the nominee of the Republican caucus—most of us will not be members of the Republican caucus, and we want to express OUR choice for United States Senator.

Meet the issue fairly, Mr. Parry, and tell us who we vote for if we vote for you. Give us a chance to say what we think of your candidate. MEET THE ISSUE SQUARELY, AS JAMES T. BOYD MEETS IT.

If you fail to do so, Mr. Parry, you ask the people of Washoe county to abandon one of their most precious and valued rights—the right to express their own choice for United States Senator, an office which they unanimously believe should be filled by DIRECT VOTE OF THE PEOPLE.

One Week From Today

ANOTHER week, and then November 6th and the battle of the ballots. In Nevada the contest is too one-sided to excite much interest. Governor Sparks and the strong ticket which he heads are already winners, but in many states no man is wise enough to predict the result. This is notably true of New York and California.

This year's contests are interesting in themselves, but still more significant because of their influence on the next presidential struggle. Republicans are beginning to appreciate the fact that, even with Roosevelt, they will have no walk-over in 1908. New issues and new men are coming to the front, and the prospect is not flattering to the party whose policy has dwindled down to "stand pat."

On the Reservation

THE making of Nevada history goes on apace. The Walker Indian Reservation was thrown open yesterday and swarming thousands rushed into it, in response to the "lure of gold." Some will draw prizes; some, only blanks, but Nevada as a whole will benefit from every ounce of precious metal to be taken from the ground.

It is too early for intelligent comment concerning the new district and the rush of prospectors who are bent on solving its mystery. But it is not too early to remark that Nevada is every day making gains in popular estimation, and that the old slanders about its "worthlessness" are forgotten in its onward march.

Autumn Models...

The approach of cool, crisp autumn weather forcibly suggests the need for seasonable footwear.

Our new models are artistic shapes made of soft glove-like leathers over comfortable and graceful lasts. They come in patent kid, Vici kid and gun metal calf. Prices

\$2.50, \$3.00, \$3.50, \$4.00, \$5.00 and \$6.00

Chamberlain's Cough Remedy

A Safe Medicine for Children.

In buying a cough medicine for children, never be afraid to buy CHAMBERLAIN'S COUGH REMEDY. There is no danger from it, and relief is always sure to follow. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine in the world for these diseases. It is not only a certain cure for croup, but, when given as soon as the croupy cough appears, will prevent the attack. Whooping cough is not dangerous when this remedy is given as directed. It contains no opium or other harmful drugs, and may be given as confidently to a baby as to an adult.

BLOODSHED AND RIOT

News In Brief
By Wire From
All Quarters

(Concluded from page one)

people who waited until the regular time before making any move, did not seem to be taking for their efforts, and many honest prospectors who had spent all their savings to participate in the opening turned back, defeated.

Special Agent Frank Parks has received a copy from Washington in answer to his recommendation that the present opening be annulled on account of irregularity. He asserts that today's proceedings are an injustice against those who sought to obey the laws regarding the opening and whose efforts were baffled by those who rushed through ahead of time, because the boundary lines were not properly guarded.

Rich Strikes Made

Had it not been for the work of private citizens who assisted the fourteen Indian police, there would not have been the slightest semblance of regularity in the opening.

So rich is the country that has been opened that numbers of prospectors displayed free gold that they have washed from their claims this afternoon. The news of the strikes that were made has spread like wildfire. Tonight camp wagons are rushing for the newly opened country. A ferry of launches is now plying between the eastern and the western sides of the lake, and prosperous townships promise to spring up at spots where boats land. The railroad skirts the entire eastern side of the lake and supplies that are being rushed in are left at Walker's station, to be taken across the lake.

Indignation prevails tonight at Hawthorne, Yerington and Schurz where disappointed prospectors have returned, after finding that they had no chance against those who rushed in ahead of time.

Government Warned

Special Agent Parks sent a dispatch to the land office at Washington last night mentioning irregularities that he had discovered. Parks pointed out that the Indian police who had been named to guard the lines were not only inadequate and inefficient but they had taken money and liquor and were intoxicated most of the time. He stated in his dispatch that on account of the lax methods observed, hundreds of prospectors had paid no attention to the time set for the opening. This news soon spread through the camps where bona fide prospectors had gathered to make a rush and as a result there was a great deal of discontent.

At the given signal, hundreds of prospectors for gold hurried, helter-skelter over the boundary lines of plain and mountain and before the great cloud of smoke which rose into the air from the dynamite explosion had drifted away, a spectacular race of automobiles, race horses and vehicles of all sorts was in progress across the desert from the river nearest Hawthorne that a number of persons narrowly escaped being trampled over and in numerous instances injuries were reported.

All Law Disregarded

Horses were ridden until they dropped, and men recounted their ill fortune when their automobiles became stalled in the deep sands. Jaded became by thirst, and many of the prospectors' barely summoned enough strength to make their locations.

Those who had waited for the signal from the top of Mount Grant found that all the most valuable claims in the vicinity of the rich Dutchman, Cottonwood and numerous other creeks emptying into the southwestern portion of Walker lake had been taken up by men who had rushed in the night before. Even men who employed launches to take them across Walker lake from the eastern side, found that their efforts were of no avail, as they were much too late to be on equal footing with the men who had disregarded all law.

Sub Indian Agent Robert Lovegrove made the statement this morning that United States engineers who were sent here for the purpose of the portion of the Walker lake reservation that has been allotted to the Indians had occupied their time in placing launches on the edge of Walker lake for the purpose of participating in the rush, contrary to the law which states that all persons shall keep off a reservation until the time fixed for its opening.

Engineer in Quandary

CARSON CITY, Oct. 29.—When the office of State Engineer Thurlitt was opened today, there was a long line of anxious citizens waiting for a chance to present their claims for water rights in the Walker lake reservation. These water rights are going to be of tremendous value and there is likely to ensue some trouble in connection with them. Engineer Thurlitt does not know how to proceed in the matter, as all of the men had their applications ready for presentation at the same time, and he does not believe it would be fair to file them in the order of the individuals as they stood in line.

SHAW EXPLAINS HOW HE SORTED IMPORTED GOLD

MINNEAPOLIS, Oct. 29.—Secretary Shaw arrived in Minnesota today to make several campaign speeches.

When asked about his recent facilitation of gold imports and deposits of public money without the payment of interest, Mr. Shaw said:

"It is surprising that anyone should complain of the importation of this gold. More than ten carloads, \$100,000,000, were brought from Europe and Australia, without expense to the government, and it all entered into the channels of trade in the United States."

"I deposited \$25,000,000. Of this I gave New York city \$3,000,000; Chicago, \$2,000,000; St. Louis, \$2,000,000; New Orleans, \$2,000,000; Minneapolis, \$500,000, and distributed the rest to St. Paul, Kansas City, Omaha, Milwaukee, Des Moines and all over the country. It is due to save, however, that no effort was made to relieve the situation until the business men, manufacturers, merchants, bankers and others began to complain that they were compelled to pay excessive rates of interest."

BAILEY EXCORIATES THE NEW YORK CANDIDATE

DALLAS, Tex., Oct. 29.—In his speech at Brownwood today Senator Bailey excoriated Mr. Hearst. He quoted the democratic nominee for governor of California as having denounced Hearst because the New Yorker "chaps men, and when his money bags will not answer, resorts to the sand bag," and that he has done more to corrupt democratic politicians than any man who ever took part in public life.

Continuing, he said, "They say I ought not to talk about him because he is the democratic nominee. If he had lived up to that doctrine he would have the right to invoke it. He is opposing the democratic candidate for governor in California and has put up independent candidates in New York, where he happened to dislike the Tammany nominees. He is a political Ishmael, with his hand raised against every man and every man's hand raised against him. He is so bad that his candidacy would disgrace any electorate, his election would disgrace any office and his leadership would destroy an party. He is a moral pervert and a political degenerate."

Fined for Rioting

ATLANTA, Oct. 29.—J. E. Clements, white, pleaded guilty today to a charge of assault and battery in connection with the recent riots and was fined \$300 or six months in jail.

LANGAN MAKES STRONG FIGHT

DEMOCRAT-SILVER NOMINEE
FOR JUDGE OF THE FIRST
JUDICIAL DISTRICT IS BELIEV-
ED TO BE A CERTAIN WINNER.

Frank P. Langan, democrat-silver nominee for judge of the first judicial district, is making a splendid fight for the office and is believed to be a winner. In spite of the popularity and ability of his opponent, Judge Murphy, who has heretofore been regarded as invincible, Langan is no less popular and in the office of district attorney, to which he has been elected three times, is quite as invincible as the republican candidate has been.

Langan's strength is greatly advanced in the mining districts by reason of the unpopularity of Judge Murphy on account of his recent decision declaring the eight-hour law unconstitutional. The fact that Judge Murphy's decision against the interests of the miners was reversed by a higher tribunal does not help Judge Murphy with the miners, who justly credit Attorney General James G. Sweeney, who carried the case to the upper courts and won. Langan, on the contrary, has been identified closely with labor's cause, and Judge Murphy's weakness among the miners is Langan's strength.

As district attorney of Storey county Langan has made during the three terms he has served the people a most excellent record for himself. His knowledge of the law is such that few reversals have been made of the cases he has tried and won, and he is regarded as a man who has all the qualifications to fill a district judge's chair.

The first judicial district includes Storey, Lyon, Ormsby and Esmeralda counties, in all of which Langan is well known and popular.

Frank P. Langan was born 42 years ago on the Comstock. He is a true son of the sagebrush state and has never placed his rich gifts as a lawyer at the disposal of any but his own people. He is familiar with the traditions of this great state and an exponent of the characteristics which have been regarded as western virtues by the world at large. Bright, energetic, able, educated and learned in the law, Langan will make, if elected, an ideal judge. He has the qualities that make judges and the qualities that make friends.

As an orator and public speaker he has few equals in the few men in the old time Odd Fellow, Eagle and an Elk, in all of which prominent orders he has held prominent offices and is esteemed highly in fraternal circles.

Kevada for thirty years, Langan is the state who are essentially Nevada as is Langan. His wife is a daughter of the Comstock, and five children have blessed their union, all of the youngest being Nevadaans by birth and Nevadaans in spirit.

Though the fight between Murphy and Langan is regarded as close, it is generally conceded by those most familiar with the political situation that Langan is the superior candidate, a campaign winner and will be honored by the constituency which he has honored during the forty-two years of his life.

Nate W. Roff Tells of the Pythian Convention

Friends of N. W. Roff, who is now in New Orleans attending the supreme lodge Knights of Pythias assembled there in biennial convention, are in receipt of interesting accounts of the notable gathering of knights.

Two remarkable parades have been features of the meeting in the southern city. The first was a grand exhibition of the strength of the uniform rank, K. of P. the second was a general parade of the subordinate lodges. The latter, though lacking the military splendor of the uniform rank parade, was longer, taking one hour and a half to pass a given point, "it was," writes Delegate Roff, "a Pythian parade in fact. The only outside feature was the presence at the head of the column of a large platoon of mounted police and the many hands scattered throughout the long line of marching knights."

"The supreme body is composed of 160 supreme representatives; the supreme officers and many past grand chancellors who are entitled to seats on the floor, though they may not vote. It is a very dignified body of representative citizens of the United States as well as from the maritime provinces and Mexico. There are forty-seven attorneys on the floor, fifteen newspaper publishers and editors, a large number of bankers, insurance men, physicians and merchants."

"Some of the finest nominating speeches I have ever had the pleasure of hearing were delivered during the session when officers were placed in the running for high honors. 'Every one here has a title, and ac-

FIGHT PICTURES TO BE SEEN ON SUNDAY

The Nelson-Gans Moving Picture Company was unable to secure McKissick's Opera House for Saturday as had been intended. The house had previously been engaged for the Democrat-silver party rally which will be held Saturday night. On this account the pictures will be displayed Sunday afternoon and evening.

Billy McClain, who is attending to the company's business wishes to assure the people of Reno that the pictures are clear and distinct throughout, and the final rounds as clearly displayed as the opening ones.

In addition to the fight pictures, scenes of Goldfield, the foot races on the day of the fight, many of the mines are shown, rock drilling contests and the many notables who were connected with the great fight at Goldfield.

BODY IN WATER FOR NINE DAYS

REMAINS OF BLAINE HANSEN
FOUND BY FATHER IN WHEEL-
ER RESERVOIR—INTERMENT
TO TAKE PLACE HERE.

After being in the water of the Wheeler Reservoir for nine days the body of Blaine Hansen was found at 11 o'clock yesterday morning by the father of the drowned youth. The remains were brought to Reno last night by Perkins & Gilling, and the funeral will be held from the parlors of the undertakers Wednesday afternoon at 2 o'clock.

Blaine Hansen was 14 years of age at the time of his death. The tragic end came when Blaine Hansen, his brother and a cousin were hunting ducks along the edge of the reservoir. Blaine Hansen started across the water in a canvas boat to frighten the ducks over to the "blind" where the older boys were fishing.

Suddenly the boat collapsed and Hansen was thrown into the water. He was seen to sink from sight. Then began the long search for the remains. All of the Hansen family, prominent farmers living four miles south of Reno, joined in the hunt and for nine days they dragged the waters of the pond.

An attempt was made to let the body out of the reservoir, but yesterday when the body was seized by the grappling hooks there was sixteen feet of water where the body was found.

Rev. S. H. Jones will officiate at the funeral tomorrow afternoon at the parlors of Perkins & Gilling. Interment will be at Mountain View cemetery.

Hansen was born in Wells, Nev., in 1891. He had lived on the ranch near Reno for most of his life.

LEAVES FOR HIS NEW POSITION AS MANAGER

Fred Somers, well known in hotel circles and for about two years associated with the management of the Hotel Golden, has resigned his position with that caravansary and left yesterday to assume the entire management of the Arlington hotel in Carson City.

His friends, who are legion, predict a successful career for Somers in his new position and believe that the new manager will more than make good.

His former employer, Al North, proprietor of the Hotel Golden, is loth to lose Somers, but wishes him every success in his new position.

The Arlington is the principal hotel in the capital city, owned by Charles Stout. Somers will be given the entire management of the hotel in all its departments.

THANKSGIVING GOOD THINGS

The ladies of the Baptist Church will hold a candy and pastry sale Wednesday afternoon and evening, November 28. 02013

FARM IN DANGER OF INUNDATION

CLAIMS COMPLAIN THAT THE
TRUCKEE RIVER IS LEAVING
OLD CHANNEL TO CUT ACROSS
RANCH THROUGH DRAINS.

In order to prevent the Truckee river from changing its channel and reverting to the old bed near the site at the lower end of the meadows at Glendale, the owners of the Clark ranch have filed in the district court a suit against the Ditch Drain company and Mrs. Julia Blaisdell, damages to the extent of \$12,000 are asked for and it is demanded that measures be taken to block the ditches which allow, according to the allegation, the water to run onto the land in the early summer, flooding the crops. H. H. Clark, his wife, Mrs. Christine Clark and R. D. Clark are the plaintiffs.

In the complaint the Clarks allege that the ditches, which are the cause of the suit, have been constructed for the purpose of draining land to the north and west of their 215 acre farm; that these ditches have become of enormous size by the rush of the water; that the drain is lower than the river bank and the water from the land during certain seasons of the year.

The Clarks allege that if the present erosion continues there is danger of the river extending across the meadow and keeping to low ground until it reaches the mouth of the canyon.

Lewers and Huskey appear as attorneys for the Clarks. They ask for an injunction to prevent the ditch being used for its present purpose. They state in the complaint they are willing that ditches traverse their ranch at another point, but that to continue where they are now the ditches will eventually ruin the farm.

PLAY TO BE REPEATED ON WEDNESDAY NIGHT

A packed house greeted "Tilly Olsen, the Swedish housewife," last night at the Palace. The play, which has been running since its first performance, has made a strong impression that a return engagement of the same piece has been arranged for Wednesday night, when another large audience will probably be attracted to the opera house.

Next Week's Attractions.

The Elks' club company opens at the Melick-Slick opera house on Monday, November 5, for one week with matinees on Saturday. This well known manager has been presenting high class productions at popular prices on the coast for several years and it has been a "survival of the fittest." Several other managers have tried to present the leading successes, but have all failed and left the field in disgust, and "there's a reason." Billy Ellertson has given the theater-goers what they want and they have never been disappointed. He has presented the "Golden Hand," a wonderful juvenile duo from the Orpheum circuit, will introduce clever singing and dancing specialties, and "Tilly Olsen, the Swedish housewife," the latest hit of the season. The offering for Wednesday is "My Tomboy Girl," a dramatization of the popular story, "The Golden Hand." Between acts the Orpheum children, a wonderful juvenile duo from the Orpheum circuit, will introduce clever singing and dancing specialties, and "Tilly Olsen, the Swedish housewife," the latest hit of the season. being of dates upon labels to show when the meat was packed.

It is not necessary to provide an appropriation for the execution of the Pure Food Bill, so that it remains a dead letter.

The United States is larger than all the other countries of the world, and the measure of bidding campaign contributions by corporations and requiring full publicity of all campaign contributions, and the abolition of the partnership between the Republican managers of the trusts is to continue to debauch our political elections.

—We address our oft stated position on money question.

—Money. We claim that the quantitative theory of money has been vindicated by history. We reduce this history to four—all the contentions of the great Democratic, who, in 1886 voiced Democratic opinion, that public sentiment now demands his fulfillment in the high position of which

GOV. SPARKS COMMENDED

—We congratulate the people of Nevada upon the impartial and able administration of Governor Sparks. The administration of the state has been marked by wisdom and justice, and the people are proud to have such a leader.

During his administration important legislation relating to taxation and revenue has been passed, promoting the development of the state on varied lines, equalizing the assessment, reducing rates of taxation, both county and state. During his administration both capital and labor have been fully protected in the just rights of both maintained. Numerous are the facts that have entered into a new era of prosperity.

—We favor the enactment of a just and equitable Employers Liability Act for the protection of the lives and limbs of employees.

SENATOR NEWLANDS ENDORSED

—We commend with pride and satisfaction able and effective work of our senior

the great statesman, patriot, Dr. Newman. The great irrigation law with which his name will be forever identified is working a marvelous transformation in the social and economic life of sixteen states and territories, supplying new hope to millions of American citizens who will obtain homes under its beneficent operation.

In view of his splendid service we most cordially endorse his candidacy for re-election in 1909.

We are earnestly in favor of the creation by law of the office of bank inspector in the end that the depositors of money in such institutions may be adequately protected.

"We believe that legislation should at all times be passed with a view to the comfort and safety of the working man; and to that end the laws of this state should be enacted by the next legislature of this state providing that a mine inspector who shall examine all mines, adits, tunnels, shafts, etc., and keep a record by law.

"In the rapid upbuilding now going on in this state it is extremely important that ample provision should be made for public school instruction. Too long the schools, outside of the larger cities, have been without adequate supervision, and apparently with no report on the part of the educational department.

nt to provide a definite course of study. u
to introduce practical lines of work on a
thematic basis. We favor a practical state
course of study; thorough supervision, county
state; ample funds for the schools and
eral salaries for the teachers.

Moir Is Heavy Weight Champion of All England

LONDON, Oct. 29.—In the fight to the heavyweight championship of England, the pastime holder of the title, "Duncy" Jim Moir, for a purse of \$1750, and a side bet of \$2000 to night, before the National Sporting club, Moir beat Palmer on a foul.

Moir forced the fight from the first and the contest was pretty even until the final rounds.

In the ninth, Palmer hit Moir several times and was disqualified.

WICHMANN IS SHOT BY BROTHER FOR REVENGE

(Concluded from page one)

sister of Miss Fine was left in the reception room, while the physician and Ethel went to the operating room. There, instead of giving her the medicine, the girl says Dr. Wichmann asked her several indecent questions, and then, being refused his desires, he grabbed her and it is alleged, forced her on the operating table. Her screams and struggles were of no avail, and when the violation was effected, the girl says she went to her home on Lake street, and told her mother of the alleged brutal action.

Laughs at Mother

Mrs. Silva, mother of Ethel Fine, went immediately to Wichmann's office when her daughter told of his alleged deed, and there she charged him with the crime. He did not deny it, the woman says, and laughed at her for remonstrating with him.

Early yesterday morning Fred Fine went to Wichmann's office, and asked him to go to the Fine home, but the physician positively refused. Fine telephoned to the sheriff and the latter arrived in time to take the accused man to the hospital. The district attorney was called and a warrant was drawn for his arrest. Dr. Gregory and Heppner were summoned to make an examination of the girl, and they declared her condition corroborated her statements.

"Wichmann has been here five times since noon to square matters," stated Mrs. Silva, mother of Ethel Fine, last night. "He wanted me to bring a Journal reporter with him and get me to deny the story told by my daughter. I refused to do this, and then he threatened."

"Would you take me into your family?" he asked, and when I replied that he was a disgrace to the profession, he asserted that I was a fool. He repeatedly said that he wanted to be my son, and I persisted in refusing to accept."

"I told him to leave town, and he asked, 'Do you think I am a coward?' You are no gentleman," I said. "The he replied that he would never leave my house unless he took Ethel with him. I will take her sooner or later," he said."

Wants to Do "Right"

"Then Wichmann begged me to allow him the privilege of at least visiting Ethel in her home. I told him that he could not, that he was not to associate with dogs, and he only laughed, and said that he wanted to do the right thing with the girl."

"Wichmann came again at 10:30 in the afternoon. Ethel hid from him for she was afraid he would harm her."

"I want to see Ethel," he said. "Do you want to be a friend of mine? Then let her come with me."

"I refused. Then at five he came with a cheap ring, which he saw was for his engagement with Ethel. He walked into the kitchen with the ring and gave to her. She would not accept it and he said, 'Baby, we will marry soon—when this affair is forgotten.' Fred came in and the two had a long talk on the porch about the matter. Fred told Wichmann to go away and never to return her again. But the warning was unheeded."

"Wichmann came again with a newspaper account of the affair in his hand. He said, 'Ethel, we are being scandalized.'"

Brother Shoots

"Fred repeated his warning, and drove Wichmann from the yard. Seized suddenly with a hatred for the man who had ruined his sister, Fred shot at him three times."

"Fred Fine was not in the least disturbed by the affair last night. He calmly walked into the police headquarters and was examined. The police turned him over to Judge Ber of the justice court and his hearing was postponed in dismissal without bail until today."

"I should have shot Dr. Wichmann earlier in the day," said Fred Fine. "He is a moral leper, a physician who would take advantage of a seventeen-year-old girl like my sister, and then have the audacity to come here and say that he loved her."

"The authorities may hang me for this, but if I had it to do again, I would shoot as I did tonight."

With his usual turpitude, Dr. Wichmann justified his action of Sunday night with the statement that he simply had a quarrel with the girl and she went to her mother and lied. He asserted that Drs. Hoppner and Gregory made the examination with injustice, and that he never ruined the girl as is alleged.

Claims Conspiracy

"I am the victim of a conspiracy here," Wichmann said yesterday. "These people have no right to make these charges against me. They know that I am innocent."

A warrant was made out by District Attorney Moran yesterday and taken to the Fine home for Mrs. Silva to sign, charging Wichmann with the crime, but the accused physician was present when the paper was presented, and he pleaded so vociferously against it that the county official was thwarted.

Mrs. Silva will cause the warrant to be issued today, she says, and has retained Benjamin Currier as her attorney.

Girl's Statement

"I was wronged by Dr. Wichmann," said Ethel Fine, "when he invited me to his office Sunday night at eleven o'clock. He took me to his inner operating room, closing the door on my little sister, who accompanied me, and then he made the indecent proposal, which was refused by my consent and as-

Royal Breeze Blows In First Jamaica Track

NEW YORK, Oct. 29.—Jamaica results:

First race, 6 furlongs—Royal breeze won; Ben Strong, second; Marjosa, third. Time, 1:43.

Second race, one mile and a sixteenth—Emperor of India won; Linale, second; Consideration, third. Time, 1:49 2-5.

Third race, 8 furlongs—Optician won; Stockaway, second; Jack Dolan, third. Time, 1:33 2-5.

Fourth race, the Remsen handicap, 1-2 furlongs—Frank Gill won; Oradum, second; Killalee, third. Time, 1:48 2-5.

Fifth race, one mile and a sixteenth—Grand Duchess won; Tiping, second; Panique, third. Time, 1:48 2-5.

Sixth race, mile and sixteenth—Resina won; Belle of Pequest, second; Stamping Ground, third. Time, 1:47 1-5.

FIGHT IS IN DEMAND

TONOPAH, Nev., Oct. 29.—W. S. Johnson of this place, is working to secure the Gans-Herman fight for this city. It is understood that ten thousand dollars has already been raised, and meetings will be held tomorrow night in an effort to raise a purse of \$5,000.

CASHIER MISSING

SAN FRANCISCO, Oct. 29.—James Long, of the Long Spring Refining company, stated today that an examination of the company's books as revealed a shortage of about \$1000 in the accounts of Cashier Charles W. Dakin. Dakin, it is said, has not been seen for several days.

Mormons Are Instructed

SALT LAKE CITY, Oct. 29.—Opponents of the Mormon church are noting portions of a signed article, published in the Improvement Era by Joseph F. Smith of the Mormon church, as evidence of church interference in politics. After advising the young men of the church to vote for their friends, President Smith continues: "Who are our friends? Men who have kept informed of the trend of affairs in the nation for the past years may easily surmise. To vote any other way would be ungracious to our best interests, and would show a spirit of ungratefulness such as this people do not materially possess."

Many new things in wallpapers, various decorative company.

ulted me.

"God, how I screamed and resisted, how I became too weak to longer resist."

"I said I would tell my mother about the affair and he answered, 'Don't be a fool, girl; no harm has been done; you are all right to come here to see me.'"

"When I first met the physician at the home of Mrs. Merriman he seemed pleasant and kind. Now I know that he treated me in order to get a chance to do what he has done."

"He has left this ring with me—a cheap ring which he said cost but \$5. I don't much, but it will do for a while; then I will buy you a better one," he pleaded to silence my accusations.

"But I will never marry him. He is a brute; his every action before and since Sunday night are indicative of his. I hid from him today when he came to talk with me, and when I was forced to come out, see him sitting there and talk of our future and the presence of disgrace hanging over our heads, he became even more repulsive to me."

ROYAL BAKING POWDER CO., NEW YORK.

Johnnie Ritchie Killed By Shot Gun In Accident

SAN DIEGO, Oct. 29.—Johnnie Ritchie, one of the best known featherweight prize fighters in the country, was instantly killed this morning by the accidental discharge of a shotgun while out hunting. Ritchie got out of a buggy to shoot at a rabbit. He reloaded the gun and climbing into the rig placed the butt end of the gun on the bottom with the muzzle against his left shoulder. The sudden jerking of the rig caused both barrels of the gun to be discharged. The charge took effect in the side of Ritchie's neck causing almost instantaneous death.

Ritchie had fought many of the best men of his weight and was never knocked out. Among those he met were Terry McGovern, Tim Callahan, Benny Yanger, Young Mowatt, Johnnie Regan and others equally well known.

Schnefer Is Ahead

BALTIMORE, Oct. 29.—Jake Schnefer tonight won the first half of a 900 point, 18-25 billiard match from Willie Hoppe, scoring his 500th point in his 423rd inning. Hoppe's score was 225. Schnefer's highest run was 93; Hoppe's 58. The remaining 400 points will be played tomorrow night and the final winner of the match will meet George Sexton in a 500 point, 18-1 match on Wednesday night.

Rated Off Turf

Berger-Kaufman Fight Attracts Much Attention

SAN FRANCISCO, Oct. 29.—The first heavyweight pugilistic battle to be decided in this city for nearly two years, will take place next Wednesday night when Sam Berger and Al Kaufman meet in the ring at the new pavilion skating rink. The advance sale of seats began today and judging from the number of tickets sold the attendance will tax the pavilion building to its capacity. Considerable betting is being indulged in with Berger ruling favorite at odds of ten to eight. Jack Welch will referee the contest.

Billy Delaney, trainer and manager of Kaufman, announced today that in the event of his man winning, he would readily match at suggested odds should the latter elect to return to the ring. Berger also will issue a challenge to the big boiler-maker should he be returned a winner in the coming contest.

Johnny Cuddeback, who is handling the event, is making preparations to handle the anticipated crowd. He states that the main event will be brought off at 9 o'clock sharply.

RENO DEFEATS SPARKS

In a fast game of American football Sunday afternoon at State Park, the Reno eleven defeated the Sparks apprentices by a score of 22 to 0. Better team work and consistent leadership on the part of the players from this city made the victory certain. Captain Rice led the Sparks eleven and Captain Barton was in charge of the team from here. A fair sized crowd witnessed the game. A challenge has been received by the manager of the local team for a game with the Indians of the Carson Institute. The date for the contest has not been set.

Royal Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders - and which are derived from bones, rock and sulphuric acid.

HARTJE CASE HAS FRESH SENSATION

ANOTHER NEGRO TESTIFIES THAT MILLIONAIRE'S WIFE OFTEN VISITED HIS ROOM TO MEET ALLEGED PARAMOUR.

PITTSBURGH, Oct. 29.—The trial of Clifford Hooe, former negro coachman of Augustus Hartje, millionaire paper manufacturer of this city, charged with perjury in connection with the Hartje divorce case, was a sensation in the arrest of William De Costa, another negro, who testified that Mrs. Hartje had often visited his room for the purpose of meeting Hooe. De Costa was taken into custody by a private detective agency, and an information charging perjury will be preferred against him.

Hooe, on the stand, maintained that he could remember nothing in response to questions by Mr. Tobb, assistant district attorney. The defendant's mother said on the stand that Mrs. Hartje had visited her son's room. Two colored preachers, Rev. Scott and Rev. Freeman, were called and said Mrs. Carrie Hooe, defendant's mother, had told them that she had never seen Mrs. Hartje in her son's room. Mrs. Hartje was called and after a few unimportant questions, was excused.

The defense then closed its rebuttal and court was adjourned, after Attorney Ferguson had requested a number of points of law for the court for decision before the charge to the jury is made.

MEDDLING TEDDY TOLD TO KEEP OUT OF IDAHO

BLACKFOOT, Idaho, Oct. 29.—The following telegram was sent to President Roosevelt by Senator Dubois immediately upon the publication of the Associated Press dispatch to the effect that Secretary Taft would make two campaign speeches in Idaho, to which no response has yet been received:

"Blackfoot, Ida., Oct. 29, 1936. To President Theodore Roosevelt, Washington, D. C.:

"Press dispatches stating that you are sending Secretary Taft to Boise, Idaho, to speak for Governor Gooding in behalf of law and order, and on account of the campaign of the Mormons being made against him. If this is true, you are entirely misinformed. No law or order campaign is being waged in Idaho. The sole issue is against the domination of the Mormon church in our politics. The only question discussed by leaders of both parties is the Mormon question. The attitude of Governor Gooding in regard to what is called law and order is not an issue. I assure you that you have been misinformed and that it will be understood that Secretary Taft will be sent here to speak in behalf of Mormonism, as that is the sole issue in the Idaho campaign. You can call on the United States district judge, attorney, marshal, or any federal official to verify my statement that the only issue in the Idaho campaign is: Mormonism. Law and order is not mentioned in connection with the well known fact that the pernicious Mormons are violators of both.

(Signed) "FRED T. DUBOIS."

Government Defeated.

LONDON, Oct. 29.—The first vote in connection with the house of lords on the educational bill was taken to-night and resulted in the defeat of the government by a majority of 200. The votes came on an amendment to the first clause in the bill. The amendment, which was offered by Lord Hennage, liberal, makes religious compulsory during a part of the daily school hours in all public and elementary schools. Earl Greve, speaking for the government, refused to accept the amendment, but after a most business like debate, the amendment was carried by a vote of 256 to 56.

Field Marshal Ill.

MADRID, Oct. 29.—Field Marshal Lopez Dominguez, the premier, is extremely ill and his condition is causing anxiety to his friends.

LANGDON DEFEATS RUEF IN CONTEST

JUDGE GRAHAM RENDERS DECISION AGAINST FRISCO POLITICAL BOSS WHO BRAZENLY TRIED TO PURLOIN OFFICE.

SAN FRANCISCO, Oct. 29.—As a result of today's developments in the superior court, District Attorney W. H. Langdon has been officially recognized as the incumbent of the office to which Abraham Ruef was last week appointed. Two of the members of the grand jury chosen last week were discharged because of failure to qualify and seven others are to be examined tomorrow afternoon to determine whether or not they are qualified to sit in judgment upon the charges of malfeasance and corruption in office to be submitted by District Attorney Langdon and Francis J. Heney, acting as his assistant.

On behalf of the Ruef faction an effort was made to obtain a postponement of further proceedings involving the examination of the grand jury until after next Friday, when Ruef, acting Mayor Gallagher and the members of the board of supervisors are ordered to show cause why they should not be permanently enjoined from asserting any claim to the office of district attorney. Judge Graham, however, decided that there was no adequate reason for delay and ordered the examination of the jury to proceed. In the examination of the jury Assistant District Attorney Heney confined himself to interrogations dealing with constitutional qualifications only, making no effort to establish whether or not any of the members were possessed of bias or prejudice, such as he intimated existed.

Although the court room was crowded to its capacity at both sessions of the hearing today, there was no manifestation of disorder or excitement. A large detail of police patrolled the building and adjacent streets.

SAN FRANCISCO, Oct. 29.—At a meeting of the board of supervisors held last night, to which the public was not admitted, it was decided to form an organization, the avowed purpose of which shall be "to champion the cause of justice and fair play, to refute the slanders of corporations and millionaires, and resist attacks on the union labor administration." With this object in view the employees of the city government, numbering about 4000, have been called to assemble in mass meeting on Wednesday afternoon. Each employee will be asked to take five friends to the meeting and hand in their names for membership, making the total strength of the organization about 24,000 men.

Pay Is Increased.

MOBILE, Oct. 29.—The Mobile & Ohio railroad today granted an increase of pay to 500 machinists in its employ. The men asked for an increase from 32 1/2 cents an hour to 35 cents an hour. The railroad granted the increase with an offer of 34 cents an hour, which was accepted.

CROW INDIANS HURRY TO WARN THE UTES

BUTTE, Mont., Oct. 29.—A special to the Miner from Sheridan, Wyoming, states that considerable apprehension has arisen among the Crow Indians, who are reported to have left in the direction of the camp of the renegade Utes.

What the mission of the Crows is can only be conjectured, but well informed settlers are of the opinion that the Crows, who are traders, are too well informed as to the strength of the whites, and their mission to the Utes is to dissuade them from attempting to fight the troops.

According to the present program the Tenth and Sixth cavalry should effect a junction tomorrow evening, the Sixth being due early tomorrow from the Burlington. When the Crows heard of the approach of the Sixth they immediately pulled stakes in the direction of the Utes, as though convinced that the soldiers meant business.

UTES STATE THEY FACED STARVATION

ROAMING REDSKINS GIVE AS REASON FOR LEAVING RESERVATION THAT FOOD SUPPLY WAS VERY SCARCE.

GILLETTE, Wyo., Oct. 29.—Three hundred and fifty Utes, whom the United States troops have been sent to intercept, are still camped on Powder river, north of here, but are making preparations to move northwest to join the northern Cheyennes on the Crow reservation. The Indians have already sent messengers ahead to select camping grounds and to notify the settlers and ranchmen that they mean no harm.

It is believed by old Indian fighters here that if proper diplomacy is used there is no chance of a battle with the redskins, who are inclined to be peaceable, but resent the action of the government in demanding their return to their reservation.

They assert they left their reservation because they were dissatisfied with conditions there and would starve if compelled to remain on the reservation. They simply left for self-preservation and are going to "live water, wood, big game and live happy," as Chief Appah expresses it.

Major Grierson, in command of the Tenth cavalry, has recommended that the Indian inspectors and Sioux Indian diplomats be sent here by the government to hold a big pow-wow with the Utes, and in connection with the army to try to induce the Indians to return. Major Grierson is confident the Indians will not return to their reservation unless controlled by an overwhelming force and will resist any small force sent against them.

When the Indians are rounded up they will be escorted to Fort Meade to be held pending further instructions from the war department.

OMAHA, Oct. 29.—A special to the Bee from Sturgis, S. D., says two Indians, believed to be scouts from the Ute band, rode into Sturgis last night and after talking about the distance of Fort Meade from the town, the Ute band, the main body of the Sixth cavalry left the fort and the number of men there, disappeared. The small body of troopers now at the fort were held in readiness for a call to action throughout the night and the people of the town stood on their arms in the belief that a descent on the place was contemplated by the Utes. Considerable excitement still prevails.

DENVER, Oct. 29.—A special to the Republican from Sheridan, Wyo., says that delay in the arrival of part of the military will defer the expected clash between the wandering Ute Indians and soldiers. Colonel Augur, who with the entire cavalry was ordered to go overland from Fort Meade, abandoned that plan and is coming over the Burlington with part of his command. The destination of this troop train is either Sheridan or Arvada, and from there reports received tonight, it should arrive some time before morning. It is the opinion among military men here that nothing will be done until Colonel Augur arrives. It will require the Sixth until Tuesday morning to join the Tenth.

Following the Indians, unless a forced march is made, and unless this is done it is not expected that a meeting between the Indians and the soldiers will happen before Wednesday.

A special messenger, who arrived from the Indian camp today, says that as he rode away from the Indians a body of twelve white civilians rode up, dismounted and were received by the Utes as though expected. Why they were and their purpose is a matter of conjecture here. The messenger talked with the Indians and says they are more sullen than ever and are cursing the soldiers of the Tenth cavalry now encamped close upon their trail.

Other military commands marching overland are expected to reach the neighborhood of the camp some time tonight.

BIG ORE BODIES ARE FOUND ON ROCKY HILL

PROPERTY NEAR RENO SHOWS VALUES

Under New Management Development Work is Proceeding Rapidly and With Excellent Results—Will Prove to be a Great Producer of Wealth.

N these days of frequent reports of phenomenal strikes in various portions of the United States we are prone to overlook developments right at our doors, on the hypothesis, we presume, that a mine must be more or less inaccessible located before it can amount to much. Whatever the reason, it is certain that but few people in Reno have any clear conception of the amount of work that has been done and the showing that has been made on the Rocky Hill group of claims fifteen miles to the south of this city on the line of the V. & T. railroad.

Although the claims that compose the group have been located and worked in a desultory fashion for many years, it is but little over a year ago that they fell into the hands of the present company and under the management of Mr. W. S. Wilhelm. In this comparatively short period development work has been accomplished and done in a way that stamps Mr. Wilhelm as a miner of more than ordinary ability. Every foot of the work has been laid out and performed according to definite plan, and as a consequence the ore bodies are blocked out, stops started, chutes built ready for the placing of a large working force whenever it is deemed advisable.

The Rocky Hill group consists of nine full claims, traversed by a series of parallel veins, at least five of which outcrop on the surface and are traceable for a considerable distance. The development of the property consists of about 6,000 feet of workings in drifts shafts and up-rises, including a tunnel 1346 feet in length which taps the main working

shaft sunk on the main ledge at a depth of 300 feet.

A five-stamp mill has been erected at the mouth of the tunnel and a cyanide plant and Helderman filter tank is running steadily on the ore that are dumped three or four times from the tunnel, thus doing away entirely with unnecessary and expensive handling of the ore. Superintendent Wilhelm is authority for the statement that the total cost of extraction, milling and cyaniding will not exceed \$2 per ton, and there is every reason to believe that he is well within the limit of cost.

As above stated there are five known veins that outcrop to the surface and all of them carry values that will permit of milling as they are taken out. While none of the ledges so far has developed phenomenal assays, the general average of something over 4000 feet of ledge exposed in drifts and on the surface is about \$16 per ton, with thousands of tons ready for extraction. Thus it will be seen that the Rocky Hill is in splendid physical condition for a long and profitable run as soon as reduction facilities are provided. The present mill and cyaniding plant is of limited capacity, being largely an experimental plant, but is capable of unlimited expansion as the development of the property may justify.

Recently a rich strike was made upon one of the outcrops of the Rocky Hill, with a result that practically all of the outstanding securities of the company were bought in and are now closely held. This new discovery has been opened up for a distance of about 100 feet along the base of the hill in the shape of an open cut or trench, the ore from which is being hauled a short distance down the hill where it is dumped into the chute which connects with the tunnel and thence conveyed directly to the mill. Assays from this strike have been taken as high as \$61 per ton, all gold values and free milling. A drift is now being run from the tunnel to cut this ledge at a depth of about 500 feet. It is expected that it will take about three months to complete the work and if the values are found to continue to this depth the future of the Rocky Hill is assured.

At this time it can be said that the Rocky Hill is unquestionably a mine. There is already sufficient ore in sight and opened up to warrant the present valuation of the stock, and the exciting could develop. The vein is strong and uniform and there is every reason to believe that at depth the parallel veins, that now show so clearly on the surface, will come together in one large ore body.

WINGFIELD GETS VALUABLE MINES

Gigantic Transfer of the Stock of the Jumbo and Red Top from Charles D. Taylor to Goldfield Capitalists—Merger is Regarded as Likely.

The last issue of the Goldfield News contains an account of a gigantic transfer of the stock of Jumbo and Red Top at Goldfield from Charles D. Taylor, who held control of both properties, to George Wingfield and associates. The price per share is said to have been \$2.10, or at the rate of \$2,100,000 for each of the mines.

The significance of this immense deal is that it seems to forecast a merger of properties that will represent a capitalization of \$40,000,000, and owning the Mohawk, Combination, Jumbo, Red Top, Combination, Election, Goldfield Mining, Florence, and possibly the Laguna. Last week J. H. Carstairs, of Philadelphia, paid \$400,000 spot cash for 100,000 shares of the Mohawk, which is now selling at above \$7 per share. Wingfield, Carstairs, Nixon and others, however, it appears, set about to secure control of all the great producing properties of the district, and if the scheme is carried out it will mean that Goldfield will have a mining company controlling the richest gold mines in the known world and that they will be worked on a scale hitherto unknown in the history of mining operations.

The present output of the mines mentioned above is not less than \$3,000,000 per month and will probably be doubled before the first of the coming year. One of the strongest reasons for believing that the deal will go through lies in the fact that at present there are nasty little indications of litigation over some of the properties mentioned, some of which are now even in the courts, all of which will be settled at once if the warring companies are taken into one organization or holding company.

Draw an acre of land in the Hibbard and Turner Heights tract. Its equal to five ordinary lots and is for the benefit of the Catholic church. Buy a chance ticket for only a dollar.

OVER 20,000 VOTES CAST BY WILLING WORKERS

Miss Ethel Zeigler Now in the Lead

Leaders in All Four Districts Are Changed Save One

The standing of the leading candidates today are:

27,219 FOR MISS LEITA PECK
26,428 FOR MISS ETHEL ZEIGLER
18,181 FOR MISS BESSIE AMBUR
7,786 FOR MISS GEORGIE MAPES

Miss Ethel Zeigler of district No. 2, surprised her many friends today by casting over 12,000 votes and taking the lead over Miss Carrie Avansino, who has been in the lead since last week. This places Miss Zeigler just the 26,000 mark with the lead of 2,977 votes.

Miss Dottie Tunney also added over 10,000 votes to her list and is only a short distance behind Miss Avansino.

Miss Bessie Ambur of Sparks and district No. 3 took the lead away from Miss Anna MacKenna. She carried 4,000 votes and leads by 540 votes, which is a small lead when you take into consideration that three months subscriptions count 450 this week.

Miss George Mapes of Fallon and district No. 4 took the lead away from Miss Florence Kent, who has been the top notcher in this district for so long a time.

District No. 1 remains the same so far as the standing of the candidates are concerned, but several more votes were tacked onto the scores of all the contestants.

2300 for Yearly Subscriptions
Two hundred extra votes are given with each three months subscription turned in on or before Saturday evening, instead of the 250 votes you will receive 450. For six months you receive 700, and 2500 for yearly subscriptions. A number of these votes have already been issued and a large vote will be cast on November 24th.

Thirty thousand to forty thousand people coming to Reno. Buy now while lots are cheap. They are bound to go up. You can't keep them down. See Hibbard and Turner Realty Co. at once.

FAIRVIEW PROVING TO BE ANOTHER TONOPAH

VALUES HOLDING PERSISTENTLY IN CAMP

Magnitude of the Mineralized Section is Proven Beyond All Question by the Extensive Development Work Already Done—Mines Permanent.

As development work progresses along the principal vein system of Fairview, its remarkable continuity and the persistency with which values hold indicate conclusively that another Tonopah is in progress of exploration. In these features as well as with respect to the values carried by the ore and the general formation, the two camps are identical.

With every foot of work done along the great series of veins that pass from the Nevada Hills through the Fairview, Eagle, and then through the properties of the Eagle's Nest and Halilstone, showing tremendously rich values in silver and gold the entire distance, it appears that Fairview's ore belt will prove the most prolific producer of Southern Nevada.

Along the course of Tonopah's main ore channel there have been opened up several of the greatest silver-gold producers of recent years; mines that have sufficient ore blocked out to insure a heavy and regular tonnage output for many years to come. Fairview's remarkable series of veins undoubtedly show more uniformity of values and appear to extend to much greater lengths than those of southern Nevada's oldest of her new mining camps.

In addition to the extremely significant discoveries on the Eagle's Nest, Fairview Eagle and Halilstone, all of recent occurrence, prospectors are finding high grade values at great distance farther to the north-east from the Nevada Hills, generally reckoned as the center of the camp. Late reports from Fairview tell of

strikes of high grade silver ore several miles to the northeast of the Halilstone and Eagle's Nest, the ore showing abundantly in horn silver. On the "Hot Onion" group, north of the foothills above the desert, on having a value of \$500 to \$500 in silver and gold has been exposed at surface, undoubtedly proving the regularity of the principal vein system for miles, as the property is directly on the course of the channel. This important discovery extends the proved zone of the district a distance of eight to ten miles in length.

The developments to date on the Eagle's Nest and Halilstone properties are of especial importance as proving the magnitude of the highly enriched section of the district. Following the sensational developments on the Eagle, consisting of the opening up of eight to ten feet of \$320 ore, came practically the same results with exploration work on the Eagle's Nest, and this estate is now producing high grade shipping ore having a general average value of \$300 per ton. Then, to add to the excitement resulting from such extremely important discoveries, the Halilstone, adjoining on the north and east the Eagle's Nest and Fairview Eagle, has opened into a mining estate that presents every earmark of a bonanza.

The continuity of the main vein system of the camp has, during the past month, been positively proved of the Eagle's Nest and Halilstone, a distance of over 6000 feet, and the discoveries of recent date miles farther to the north and east prove that the possibilities of Fairview are practically unlimited in mineral resources and stamps it as one of the greatest mining regions of the Sagebrush State.

Within a month the camp has forged ahead from a one-mile district to a region with at least four proved strikes. In this time the Fairview Eagle, Eagle's Nest and Halilstone have passed from the prospect to a bonanza, and other properties are fast approaching the same transition. With every foot of work done on the Nevada Hills the mine continues to reveal riches that stamp it as one of the greatest mining estates of the country. High grade shipping ore is being disclosed on all sides. In addition to opening rich ore along the main vein channel of the district on the Halilstone, a distinctly new ledge having an individual dip, and carrying as rich ore as any encountered in the district has been found farther to the north on the same acreage.

ORO DISTRICT IS \$300,000 PAID FOR COPPER CLAIMS

Denver Corporation Erects a Ten-Stamp Mill Near the Mines—Assays Taken Show Splendid Values—Rapid Prosecution of Development Work.

Great development is being done in the Oro City mining district. Already the Denver corporation, which controls the most likely property in the new rich section is erecting a ten-stamp mill and a telephone line from Hawthorne, Nevada, twelve miles west of the gold camp. Almost daily strikes are being made in the work of development and excellent assays have been gotten from many claims around the original strike.

It is just seven months since the prospectors, Steinhilber, Johnston and Rockwell, unearthed rich ore in the old Mexican "dugout," a few miles southwest of the fabulous Panhandle mine. The find was kept quiet for several months until the original fact could be proved. Then it was made public. Since the discovery was made in public last month there has been a rush to the new district. Many of the later visitors have made good strikes near being, among the most lucky ones being Thomas Connelly and O'Connell.

A month ago Oro City was a bustling camp composed of thirty tents and about 100 people. Today many substantial wooden houses are in the course of erection. The stamp mill will be completed in thirty days and telephone connection with the outside world will be in operation inside of two weeks. The town has an abundant supply of excellent spring water, the source of the supply being several tributary springs to the well known "old Whiskey Springs." The springs from which the precious fluid is now being piped to the town have a capacity of 250,000 gallons a day and are unexcelled for drinking water.

Some of the ore taken from the Oro district assays as high as \$16,000 an average of which will approximate \$100. The ledge is well defined and numerous. Already there is enough ore in sight in the original mine to run the stamp mill for three years.

Oro City is purely a gold camp, the precious metal being found in surface panthalms almost anywhere within a radius of two miles of the big mine. There are more than 100 men actively doing development work and Oro City is fast to become a second Goldfield in Manhattan. In fact, mining men who have visited the camp claim that the surface showing is better than that of Manhattan or Goldfield. They are going down, which is indicative of the camp's lasting qualities.

While the ground is well staked already, there is still available land in the district. The range of mineral bearing hills in the foreground is the famous Panhandle mine and the Oro City district is about eight miles long and four miles wide. There is mineral in every portion of the earth.

The stamp mill which is to start Oro on its way to prosperity is the property of the Oro City Townsite & Water company, the head office of which is in Denver.

After it had been worked unprofitably for some time, the Silver Bow property formerly owned by Joe McCarthy, Joe Kerman and other Virginia City miners, was taken up by William Day, who after he had continued the work on the claim only eight feet encountered a good body of pay ore.

People are buying lots in the Commonwealth townsite. Are you? If not, why not? Don't you want to make some money?

Skaggs Brothers Sell Valuable Property in Bald Mountain to Boston and New York Capitalists—First Payment of \$30,000 Already Made.

The deal for the Skaggs Bros. copper mines at Bald Mountain has been closed, and \$20,000 has already been placed in one of the Bank of Boston, Boston and New York capital is behind this deal and \$30,000 is the price to be paid for the mines.

This copper property just sold by the Skaggs Bros. was owned about three years ago by several Eureka parties, but when they neglected to do their annual assessment work the Skaggs brothers relocated the ground. It was just a good prospect when they relocated the property, but in doing the assessment work they opened up a fine body of copper ore and this is said to have been steadily increasing in quantity and richness.

J. H. Schenck, representative of Nixon and Wingfield in the Bald Mountain country, arrived in town Wednesday. He is very confident that Bald Mountain will make a wonderful camp, and says that already there are some fine showings in several of the properties there. The Skaggs Bros. mine, owned by Messrs. Nixon and Wingfield, and himself has developed into a fine free milling gold proposition. This property has been traced for a distance of over 300 feet and makes a fine surface showing. Preparations are now being made to sink a shaft on the property to a depth of about 500 feet and to prosecute active development work.

Mines Near Reno.
George Phoenix, the well known Goldfield mining agent, came to Reno from that place last night on No. 12 and will spend several days in this community. He has interested himself extensively in several mining or prospecting claims in the area and expressed himself as greatly encouraged over the outlook for mining operation near this city.

BULL PRICES ARE PREVAILING ON CHANGE

Yesterday's Dealings on the Local Stock Exchange Were at Advanced Prices and Lively Dealings—Closing Quotations.

Monday morning and afternoon saw more lively trading on the floor of the local stock exchange, with a general upward tendency. Red Top felt this impulse very strongly. On Saturday the prices fell off from 2.62 1/2 to 2.60 and closed at that point. Yesterday 2.95 and 3.25 was the way the stock stood at closing, the former being the bid and the latter the price asked.

Blue Bull was also strong, 19 being bid and 20 asked, as against 18 on Saturday.

Following are the quotations for the day:

\$9,000 ORE IS ENCOUNTERED IN TUNNEL

A Three-Foot Ledge Ribboned With Yellow Gold Is Uncovered on the Nevada-Rockland Properties—Large Crandling Plant Being Constructed.

The sensational strike made about a week ago in the Nevada Rockland mine, when a splendid three-foot ledge of ore was encountered, is justifying the first accounts of its richness. The entire ledge is of high grade ore and is literally seamed with yellow gold. What appears to be like ribbon-run through the ledge and assays run easily up to over \$9,000 to the ton.

Manager Evans and the owners of the property are elated over the strike, for although the Nevada Rockland has been a steady producer of profitable rock for several years, nothing like the new find has been encountered, and from being a good mine, the Nevada Rockland has suddenly developed into a wonder.

From \$2,000 to \$3,000 in bullion has been turned out of the mine and the mill form ore that has been running in values from \$8 to \$20 per ton.

The company has in course of construction a one hundred ton, dry crushing and grinding plant. All the machinery is now on the ground and the plant will be completed as rapidly as possible.

The Nevada Rockland is owned by Los Angeles operators.

Stockholders Meeting

Notice is hereby given that a meeting of the stockholders of the Nevada Engineering Works, a corporation under the laws of the state of Nevada, will be held in the offices of the said corporation at Reno, Nevada, on Monday, the 5th day of November, 1906, at 3 o'clock p. m.

250,000 SHARES TREASURY STOCK

Furnace Creek South Extension Copper Co. At \$1.00 per Share

Mine Adjoins Those of Patsy Clark's Furnace Creek Copper Company and Both Properties Have the Same Vein

Capitalization **\$1,500,000**
(1,500,000 Shares of the Par Value of \$1.00; Fully Paid; Non-assessable)

Treasury Stock **500,000 Shares**

OFFICERS AND DIRECTORS

HON. JOHN SPARKS	Governor of Nevada	PRESIDENT
C. B. KINGSBURY	Mining Partner of Patsy Clark and Formerly Half Owner Anaconda Copper Company of Butte.	VICE-PRESIDENT
L. M. SULLIVAN	President of L. M. Sullivan Trust Company	TREASURER
J. L. LINDSAY	Cashier State Bank & Trust Company, Goldfield	SECRETARY
GEORGE D. PYNE	Attorney-at-Law, Goldfield	COUNSEL
JOHN D. CAMPBELL	Mine Operator and Mining Engineer	CONSULTING ENGINEER

48 Foot Vein of 22 Per Cent Copper Ore

The great Anxiety-Copper Shoe groups of claims, adjoining on the south the ground of Patrick Clark's Furnace Creek Copper Company in Greenwater, have been taken over by the newly incorporated FURNACE CREEK SOUTH EXTENSION COPPER COMPANY.

This announcement is equivalent to the statement that a twin of the Furnace Creek Copper Company has been born. The Furnace Creek Copper Company, with a capitalization of 1,250,000 shares, is selling today around \$4.25 per share. It was originally promoted at 25c per share. The Furnace Creek South Extension Copper Company has a capitalization of 1,500,000 shares, of the par value of one dollar each; 500,000 shares are in the treasury. Treasury stock is offered at one dollar per share.

From the report given below by J. D. Campbell, the noted mining engineer, and which is endorsed by J. P. Harvey, the consulting engineer of the Furnace Creek Copper Company, it is apparent that the Furnace Creek South Extension Copper Company owns practically a counterpart of the property of Patrick Clark's Furnace Creek Copper Company. The same croppings of high grade copper ore are in evidence on both properties, the veins having been proved to be continuous.

The Copper Matte claim of the Furnace Creek Copper Company has the greatest showing in the Greenwater camp to date. This claim adjoins the Anxiety No. 1 claim of the Furnace Creek South Extension Copper Company. The immensely rich veins on which the present valuation of Furnace Creek Copper Company's stock is based pass from the Copper Matte claim of the Furnace Creek Copper Company into the Anxiety and Copper Shoe claims of the Furnace Creek South Extension Copper Company.

These veins have been traced for a distance of 4,500 feet on the two properties. On the Furnace Creek Copper Company's ground this belt of ore shows 48 feet of 22 per cent copper ore, 30 per cent copper ore has been found on the surface, and no ore of lower grade than 10 per cent in copper has been encountered at the 250-foot level.

It can be stated as an absolute fact that at the time when Mr. Patrick Clark purchased the estate of the Furnace Creek Copper Company he endeavored to secure the important claims which are now a part of the estate of the Furnace Creek South Extension Copper Company, but they had already been acquired.

Clark's and Heinze's Properties Adjoin This

The tremendous mine showing presented at surface by the property of the Furnace Creek South Extension Copper Company is in a measure shown by Engineer John D. Campbell's report, made before the purchase, and heartily concurred in by J. P. Harvey, who is Mr. Clark's chief engineer. It follows:

"The Furnace Creek South Extension Copper Company's property consists of the Anxiety and Copper Shoe groups, embracing the following mining claims: Anxiety, Anxiety No. 1, Anxiety No. 2, Copper Shoe and Nos. 1 and 2, a total of 120 acres. The territory is heavily capped with gossan, one of the truest indications of immense copper deposits beneath, with occasional croppings of high grade copper ore.

"This property has the advantage of exceptional location, being bounded on the north by the estate of the Furnace Creek Copper Company and the Heinze holdings. The Copper Matte claim of the Furnace Creek property, which has the greatest showing in the camp to date, lies next to the Anxiety No. 1 claim of the Furnace Creek South Extension.

"The great Anxiety ledge traversing the Copper Blue and Copper Matte claims of the Clark holdings, has been disclosed at surface on both the Anxiety and Copper Shoe groups, and has been traced for a distance of 4,500 feet on the acreage. These croppings are clearly defined and cut through the formation with the directness of a railroad track. On the Furnace Creek estate this belt of ore shows forty-eight feet of twenty-one per cent copper ore.

"Thirty per cent copper ore has been found on the surface, and no ore of lower grade than ten per cent in copper values has been encountered down to the 250-foot level. The Anxiety and Copper Shoe groups form what is regarded as one of the richest pieces of inside ground in the entire district. It is my opinion, based upon the showing of the property of the Furnace Creek South Extension Copper Company and its location with reference to the trend of the copper veins of the Clark mine, that it should develop into one of the greatest copper producers of the Greenwater district."

Ownership Stock Pooled and Not for Sale

In announcing the promotion of the Furnace Creek South Extension Copper Company, we beg to call attention to the fact that copper just at present is commanding a higher price than ever before in the history of metal mining. The supply falls far short of meeting the demand. Never before has the consumption of copper been so heavy. It is finding more general use every day. Copper stocks have been the distinct feature of trading in all market centers for many months.

Figured on a basis of the present market value of Furnace Creek Copper Company's shares, stock in the Furnace Creek South Extension Copper Company at one dollar per share is a gift. An investment at this time and at this price is a practical guarantee of tremendous quick profits.

Of the million shares of ownership stock which were paid to acquire the property, 850,000 shares are pooled for one year and cannot be sold or transferred. This will convey an idea of the high opinion of the future of this stock which is entertained by the owners of the controlling interest. The present offering is of 250,000 shares of treasury stock. The net proceeds from the sale of this stock will be put into the treasury of the company and be used for development work entirely. It is believed that these funds will be ample to provide all moneys needed for the opening up of the property and the making of it a dividend payer for many years.

The following recent promotions of Greenwater, which include all the important ones, will convey some idea as to the opportunity presented here for quick profit making. Furnace Creek Copper Company, recently promoted at 25c, with a capitalization of 1,250,000 shares, now \$4.25 per share.

Greenwater & Death Valley, recently promoted at one dollar per share, with a capitalization of 3,000,000 shares, now \$2.75 per share.

United Greenwater Copper Company, recently promoted at one dollar per share, with a capitalization of 3,000,000 shares, now \$1.25 per share.

Sullivan Issues Always Oversubscribed

Subscriptions at one dollar per share should be made at once to insure consideration. The recent offering by the L. M. Sullivan Trust Company of treasury stock of the Eagle's Nest Fairview Mining Company at 35c per share was over-subscribed by upwards of 800,000 shares and that stock is now commanding a big premium. Telegraph your reservation as soon as you have made up your mind that you want some of this stock, and we will immediately reply as to what allotment we can make, if any. On receipt of notice of allotment, it will be necessary that remittance be made in full to cover at one dollar per share. As soon as a payment is made stock certificate will be promptly issued and forwarded by registered mail, or stock can be ordered shipped attached to draft, if your reliability is known to us.
